

Nord West 390 F, 2000

The Nord West is one of the best travel boats in its class that has been in the Nordic countries. The boat's hull is well suited for even the tough waves of the Baltic Sea, the spacious flybridge provides space to enjoy the beauty of the archipelago, and the mahogany interior of the boat is unmatched. Three cabins ensure sweet dreams for even larger groups. Two outdoor control stations and no less than three anchors enable safe docking even in challenging weather. The boat has 2 x Volvo KAD 300, 270hp engines and bow and stern thrusters. The boat can be parked sideways. It is in very good condition, kept indoors in winter, and the engines serviced annually.

Location:

Turku, Finland

Measurements:

Length: 11.8 m

Beam: 3,67 m
