

Ruptech 32, 2012

Ruptech 32 is a great all-around yacht tender with walkthrough design and equipped for comfortable cruising at high speeds. This boat has seaworthy air lubricated Petestep hull, that is fuel economical, soothes the ride and is quieter with a ton of grip to the water.

Ruptech 32 was designed by an offshore racing designer Ocke Mannerfelt, and was made in Sweden, in the Rupert Marine factory. Rupert Yacht Tenders are built to the same high standard as their professional boats. Each boat is made to the highest specifications and designed for ultimate comfort and reliability. This yacht is the last one made from its series.

Measurement

Length 10,10 m	Beam 2,9 m	Dry weight 3500 Kg	
Fuel 450 L	Water 80 L	Septic tank 50 L	Berths 2

Engines

2 x Steyr SE286E40, 205kW/279hp, 6 Cylinder high performance Marine Diesel Engines.

Running hour approx. 780 h

Sterndrives: Mercury, Bravo One X Diesel, maintenance done in 2022

Marching speed is about 35 knots.

Electrics & Technique
