

## ELAN 310, 2012

The ELAN 310 from 2012 impresses with its modern wedge-shaped hull, vertical bow, chines, powerful rig, and T-keels that ensure plenty of performance. Despite its sporty nature, the yacht is easy to steer with its twin rudder system and can be safely sailed by a small crew thanks to its ergonomic deck layout, making it a mile-eater even in windy conditions. It is the perfect combination of a daysailer for quick departures and a comfortable cruiser for longer voyages – very well maintained and many additional new extras as the new Raymarine 12' AXIOM Chartplotter, Autopilot with remote control.

### Measurements:

Length 9,22 m	Waterline 8.71 m	Beam 3.22 m	Draft 1.9 m
Dry weight 3.800 Kg	Ballast 1.100 Kg	Berths 4 (6)
