

Ojangonkaari 12 02480 Kirkkonummi

## EF 34, 2007

EF 34 is designed in Finland by "Kamu" Stråhlman and made in Finland by Reijo Pöllänen for the demanding customers. Only the best materials have been used by the skilled professionals. The boat sails very well and the owner can trust the boat even in harsh conditions. This boat comes from the first owner and has been only in use by the family. The boat has been used only in the Baltic Sea and has spent all winters in a heated shed. Service has been made every year and the boat has been annually inspected by the yacht club.
