

Hallberg-Rassy 39, 1993

Probably the best Hallberg-Rassy 39 you can buy worldwide. The owner has hardly sailed her but has instead lovingly developed and maintained her. The teak deck was fully restored for 34,000 euros during the winter storage in 2024 (pictures are from 2023!). Constant upgrades, such as new electronics with B&B instruments, have been installed. A beautiful bathing platform has been added, much better designed than on the MKII. We are showcasing a yacht that you won't find again in this condition. A viewing is highly recommended.
