

Gobbi Atlantis 42, 2005

Italian boat Atlantis 42 is a sporty yet stable boat to drive. Overall, it offers a combination of performance, comfort, and ease of handling, making it an excellent choice for both experienced boaters and those looking to purchase their first larger motor yacht. This boat has been meticulously maintained and regularly updated, with both its condition and equipment level in excellent shape.

Atlantis provides comfort and luxury for both short day trips and longer sea adventures. The comfortable cruising speed is around 23 knots, and fuel consumption is economical relative to its size. Thanks to its wide hull, the interior is spacious, and lateral stability is excellent. Passengers can enjoy the sunshine on the sunbeds at the bow or stern, while the open deck area features a grill—an excellent addition for evening gatherings.

The yacht features two separate, spacious cabins, each with its own private bathroom and shower. The open and airy salon includes a U-shaped sofa that can be converted into an additional bed if needed. The galley is excellently equipped. The overall design is modern, stylish, and filled with natural light.
