

ANYTEC 860 SPD YEAR 2011

Anytec 860 SPD is a robust aluminum boat offering stability and power in all waters and in all weather conditions. A very safe and seaworthy boat transports even a large number of people quickly from one place to another. Even a thin ice does not prevent the aluminum hull. 2 x Yamaha 300hp offer very sporty performance and the boat is built for speed. She is well equipped and regularly maintained.
