

## **2024 E Solar Sunny Cat – 100% Electric, Silent & Eco-Friendly Catamaran**

This innovative electric catamaran offers a virtually maintenance-free and environmentally friendly boating experience. Ideal for summer cottages, day trips, or relaxed cruising — all without noise or fuel smell.

### **Location:**

Jurva, Finland

(The boat can be transported elsewhere if needed by separate agreement.)

### **Measurements:**

Length: 5.45 m

Width: 2.2 m

Height: 2.2 m

Weight: 500 kg

Hull type: Catamaran – extremely stable and easy to maneuver

Registered for: 7 people

### **Power:**

Motor: E Propulsion 3 kW electric motor

Batteries: 4 x 120 Ah AGM – installed under the helm seat

Solar Panels: 5 x 200W flexible and lightweight panels – total output 1000W

At an average cruising speed of approx. 5 knots, the solar panels can **fully power the system continuously** – a true self-sustaining solution

When docked, the boat **does not need to be plugged in** – completely off-grid

**Equipment / Accessories:**

Roof provides full sun and rain protection

Sturdy telescopic swim ladder at the stern – easy access from water

Spacious fridge in front of the helm

**Why Choose the Sunny Cat?**

Completely silent – enjoy nature without disturbance

Eco-friendly – no emissions or fuel costs

Extremely low maintenance and running costs

Stable and safe with catamaran hull

Perfect for families, summer houses, or lake cruising
