

Jeanneau Sun Odyssey 36i Performance, 2009

Jeanneau Sun Odyssey 36i Performance is designed especially for comfortable cruising. It combines pleasant sailing characteristics with generous space, making it an ideal choice for both experienced sailors and those newer to sailing. This particular boat is in excellent condition and has been meticulously maintained. She's sold by her first owner.

The boat offers balanced and stable handling, yet it also delivers impressive performance. This model is particularly praised for its upwind sailing ability. The spacious cockpit easily accommodates a family crew, while the boat remains easy to manage even with a small crew. In addition to the standard sails, this boat comes equipped with a gennaker.

Comfort on board is excellent. The forward and aft cabins are spacious, with full standing height, and the head is notably large. Plenty of thought has been given to storage throughout the boat, as well as counter space in the galley. The saloon is open and inviting, making it feel like a home away from home. A cockpit enclosure (sprayhood and tent) allows you to enjoy time outside even in poor weather.

Price: 89.000€, VAT paid

Location: Turku, Finland

Measurements:

Hull length: 10,94m

Beam: 3,95m

Draught: 2,04m

Displacement: 5700kg
