BALTIC YACHTS 42 C&C (1979) – “SUNDANCE II”

SUNDANCE II is a well-prepared and extensively upgraded example of the C&C-designed Baltic 42, combining classic performance pedigree with true bluewater capability. Benefiting from a major refit in 2018/19 ahead of an Atlantic crossing, she features epoxy-treated hull with CopperCoat, upgraded rigging, a reliable Volvo Penta D2-55 engine and a comprehensive renewable energy setup.

With modern navigation and communication systems, Hydrovane self-steering, watermaker, efficient heating and a comfortable two-cabin interior, **SUNDANCE II** is a proven offshore yacht ready for long-distance cruising. A rare opportunity to acquire a classic Baltic with serious ocean credentials.
