

Dehler 34 DD, 2002

34 feet long Dehler is a very strong and exclusively well-equipped sailing yacht. Same owners since 2012 and prior to that only **one owner**. She hasn't seen any salty oceans. She has been sailed on mild Baltic Sea, mostly in Finnish and Swedish archipelagoes. She has also good track record in sailing competitions and has good equipment for competing. Easy to sail even with short-handed crew.

The yacht has been stored out of the water every winter (always without mast) and has gone through a service by professionals before launching into water. Last three winters she has been in indoor hall.

This yacht is ready to sail!

Location:

Pargas, Finland

Measurements:

Length: 10.21m (Length Overall), 9.30m (Waterline Length)

Beam: 3.2m

Draught: 1.90m

Weight: 4.7t

Mast height from waterline: 15.6m

- Transparent winter cover tent

Additional information

Diesel motor **Yanmar 2GM20** (18 hp/13.2 kw) is very economical and allows range up to 270 NM with one Fuel tank.

All deck equipment is from Lewmar. 2 halyard winches (30AST) and 2 foresail winches (44AST), all self-tailing.

Helm station - Raymarin **chart plotter** displays, echo, wind, speed and AIS information.

Sail area total 70 sq.m. (Jib with Mainsail) + Gennaker 80 sq.m.

The bottom has been serviced **before every season** with an **antifouling paint** (Hempel "hard racing"). One layer of paint has been removed using sandpaper after each season so the bottom is in good shape.

Comfortabilities

Dehler has a **spacious cockpit**. Steering position is good and the instruments are visible for the skipper. Tiller allows extra good steering feeling and is good when sailing with family as the cockpit is not segregated by steering wheel pedestal.

The yacht has **2 sleeping cabins** and it fits 6 people. **Long layout galley** has blue sofas with dining table and skipper's table. Salon's cupboards are finished with brown wood. Kitchen is equipped with gas stove/oven, sink and fridge.
