

Axopar 37 XC Brabus Line, 2020

Axopar 37 XC Brabus Line is built for those who want performance, style, and comfort without compromise. The platinum grey Brabus Line hull with a twin-stepped, sharp-entry 20° V-hull, refined materials, and modern lighting create a striking presence in every harbor.

Chart plotters, radar, a bow thruster, Webasto heating, two fridges, and a toilet cabin make this boat ideal for both day trips and longer adventures. Twin Mercury V8 300 engines deliver smooth, confident power, and with only 310 hours and a full service history, this boat is ready for its next owner.
