SUNSEEKER PREDATOR 62 -08

This Sunseeker Predator 62 (2008) is a striking example of Sunseeker's iconic performance cruiser, combining timeless design, exhilarating performance, and a highly functional layout. Well, maintained throughout her life, she is presented in exceptionally good condition and is ready for immediate use.
The spacious cockpit and open-deck areas provide an excellent setting for socializing, with generous seating, sunbathing areas, and seamless access to the water via the bathing platform. The well-designed helm console offers excellent visibility and intuitive controls, making close-quarters maneuvering and open-water cruising equally effortless.

Below deck, the interior is finished to Sunseeker's exacting standards, offering a comfortable and practical accommodation layout for up to six guests in three cabins. The owner's cabin is full-beam amidships, complemented by a VIP forward cabin and a twin guest cabin. A separate crew cabin with en-suite WC and shower is accessed from the bathing platform.
Powered by twin diesel engines, the Predator 62 delivers confident performance, smooth handling, and an engaging driving experience, making her equally suited for fast coastal passages or relaxed cruising with family and friends.

Over the past 11 years, the yacht has seen limited time in the water (approx. 4 months per year) and has been kept in a warm indoor storage hall for the remaining months (approx. 8 months per year), helping preserve her overall condition.

VAT paid in Finland in 2016 (documentation available).

Raw walkthrough video link available on request.

Location:
Turku, Finland

Measurements:
Overall length: 19,60 m – 64,40 ft
Beam: 5 m – 16.40 ft
Draught: 1.54 m – 5,1 ft
Displacement half load: 29.000 kg

All the equipment listed here are working and will be verified at the time of handover to the new owner.

Hull:
Color: Pearl Black hull with a Light Grey superstructure.
In 2016 the entire vessel underwent a full AWL-Grip repaint **at the Sunseeker factory**. Sunseeker completed the work to an exceptionally high and meticulous standard, with a finish that reflects the level of craftsmanship expected from Sunseeker's own yard.

Hull bottom: Black antifouling, new layer in 2026

Motors:
2 x MAN 15L V8 CRM
2 x 900hp
Year 2007
Shaft driven.
Engines hours approx. 650 h

Propellers and shafts replaced in 2022.

Generator:
Kohler generator, 13 kw 50 Hz, with digital control panel
Generator hours 1609 h

Tank capacities:
Diesel fuel: 3000 L
Water tank: 700 L
Holding tank: 400 L

Climate Control & Heating Systems:
Full air-conditioning system with four independent AC units, providing efficient cooling throughout the guest cabins and the saloon. Each area has its own climate-control panel. Cooling and reverse-cycle heating operate on shore power or the generator.
In addition, the yacht is equipped with two separate Eberspächer diesel heating units, providing quiet and reliable warm-air heating without the need for shore power or the generator—ideal for overnight use and extended stays at anchor. The crew cabin is heated via a dedicated warm-air outlet from the diesel heating system, with heater controls located in the master cabin and the saloon

Foredeck:

- Dedicated sun protection covers the windscreen and side windows, reducing glare and heat in the saloon/helm area.
- Electric windlass + 50 meters of chain, Lewmar
- Sunbathing cushions

After cockpit/deck:

- Spacious aft-deck seating area with a curved lounge sofa and the original Sunseeker teak folding table with a stainless-steel base and convertible top.
- Well-appointed wet bar featuring a large top-loading insulated cold box, an integrated electric BBQ grill, and a practical sink with a mixer faucet for easy food preparation and clean-up.
- Electric extendable sunshade covering the entire aft cockpit seating and outdoor galley area, providing excellent protection from the sun.
- Carbon flagpole
- Teak decking for the aft cockpit
- Pair of aft mooring winches, fitted port and starboard, providing easy and secure stern-to mooring.

Platform:

- Hydraulic lifting swimming platform – 450 kg lift capacity for tender or PWC/jet ski
- Hydraulic boarding passerelle (telescopic gangway) featuring built-in LED illumination for enhanced safety and an elegant appearance at night.
- Fresh water deck wash system outlet
- Transom/bathing platform freshwater rinse-off shower (handheld), located in the aft cockpit/transom area.
- 230V AC shore power connection (shore power inlet & heavy-duty shore power cable 20 m)
- Underwater LED lights
- Stainless-steel recessed cassette bathing ladder (stows in housing)

Deck Saloon:

- Well-appointed seating area with a folding table, offering refined dining for up to six guests.
- Air Conditioning
- TV
- Bluetooth media receiver for wireless audio streaming to the vessel's sound system, Alpine UTE-92BT
- Wifi router
- Sunseeker main systems panel with AC/DC monitoring, generator controls, battery charging management, and integrated fresh-water and black-water system monitoring.

Helm Console:

Classic Sunseeker helm console layout, well maintained and thoughtfully designed.
The helm station is equipped with:

- Chart plotter with Dual-screen layout Raymarine E120 multifunction displays, integrated with radar, and AIS-capable navigation suite.
- Autopilot system with automatic course holding and route tracking, Raymarine
- Electric helm seat
- VHF radio, Ray240E DSC, Raymarine
- Side-Power bow and stern thrusters, each operated by a dedicated joystick for precise low-speed maneuvering.
- 2 x MAN digital engine monitoring display providing real-time engine data, status indications and integrated alarm functions for safe and straightforward operation.
- Yacht Controller Dual Band VOP-EVC-D, E – wireless remote-control system for engines, bow thruster and stern thruster, enabling precise low-speed maneuvering and easy mooring.

Galley & lower Saloon

- Air Conditioning
- TV
- Spacious saloon featuring a dining table and a sofa seating arrangement for five.
- Built-in Panasonic combination microwave oven with microwave, grill, and convection functions.
- 3-burner ceramic hob (galley cooktop)
- Extractor hood (galley cooker hood) above the ceramic hob
- Integrated galley refrigeration behind cabinetry doors: 113 L freezer with a 140 L refrigerator above.
- Built-in Bosch dishwasher with multiple wash programs and a stainless-steel interior, providing reliable and efficient galley dishwashing.

Master Cabin:

- Air Conditioning
- TV
- Alpine DVA-9861R DVD receiver serving as the vessel´s main entertainment head unit, supporting DVD and digital audio playback.
- Built-in desk/vanity table, ideal for working or preparing.
- Small in-cabin safe for valuables
- Eberspächer diesel heating with control panel.
- Standard foam mattress featuring a quilted comfort top.

Master Cabin Toilet and Shower Compartment

- Fully equipped en-suite compartment featuring an electric flush toilet, a countertop basin with storage, and a curved-glass multi-jet shower for a luxurious onboard experience.
- AC outlet

Forward Cabin:

- Air Conditioning
- TV
- Standard foam mattress featuring a quilted comfort top.

Forward Toilet and Shower Compartment:

- Fully equipped en-suite compartment featuring an electric flush toilet, a countertop basin with storage, and a curved-glass multi-jet shower for a luxurious onboard experience.
- AC outlet

Starboard Mid Cabin:

- AC outlet
- Standard foam mattress featuring a quilted comfort top.
- TV

Crew Quarters:

- Crew cabin accessed from the bathing platform via a dedicated transom door and steps down, with single berth and en-suite bathroom (WC/shower).
- Standard foam and quilted mattress for beds

Other Electronics:

- Service batteries 12 x Exide ER550 115Ah
- All cabins have interior AC 230V sockets (Euro 2-pin). In addition, selected cabins are fitted with a separate switchable-voltage outlet (230V/120V) for use with European or US appliances.

Others:

- Upholsteries renewed inside/outside in 2016
- Fenders
- Mooring lines
- Liferaft (soft-bag/valise type) for 8 persons.
- Owner´s manuals
- VAT certificate
- Declaration of Conformity
- Full-service documentation
