

Buster Super Magnum Premium Edition 2026

An exceptionally well-equipped 2026 Buster Super Magnum powered by a Yamaha F350XSA engine with only 10 operating hours. This highly specified vessel comes equipped with Helm Master EX joystick steering and autopilot, an integrated bow thruster, stern anchor winch, Performance Package, Softdeck flooring, Q+ navigation and infotainment system, refrigerator, and numerous other premium features.

This is a rare opportunity to acquire a virtually new premium model aluminum boat with an extensive list of factory-installed options and upgrades. Meticulously maintained, professionally serviced, and stored in a heated indoor facility, the boat offers outstanding performance, comfort, and functionality for demanding boaters.

Additional equipment value exceeds 30.000€, and the boat has only 10 engine hours.
