

Elan 40 (2001)

The Elan 40, designed by Rob Humphreys, is a well-balanced performance cruiser that combines excellent sailing characteristics with comfortable accommodation. Fast, responsive, and easy to handle, she is equally at home on family cruises, offshore passages, and club racing events. This yacht was launched and first put into use in 2002. The spacious three-cabin layout, bright saloon, and quality craftsmanship make the Elan 40 a popular choice among sailors looking for both performance and comfort.

Location:

Helsinki, Finland
