

MY ALP41 HYBRID – 2013

A unique hybrid yacht – the only one of its kind in the world. A rare opportunity to acquire a truly exceptional hybrid vessel, designed by renowned Swedish naval architect Rolf Eliasson and built by leading Finnish boatbuilders: Ab Scandi Yachts Oy, Nauticat Yachts Oy and Mastervolts Finland (Powerduo Oy). The yacht combines advanced hybrid technology, premium-grade components and uncompromising Nordic craftsmanship. An ideal choice for a boater who values peaceful cruising, closeness to nature and the luxury of having a private onboard sauna.

A distinctive, exclusive vessel for an owner who appreciates engineering excellence and world-class design — a yacht like no other.
