

X-YACHTS Xc 42 MKI YEAR 2010, HULL NO. #42

The X-Yachts Xc 42 is a premium offshore cruising yacht combining excellent sailing performance, exceptional build quality and outstanding comfort under sail. Designed for safe and effortless short-handed cruising, she features a spacious three-cabin layout, an extensive factory specification and the renowned craftsmanship for which X-Yachts is known.

This yacht has been professionally maintained since new and has cruised exclusively in the Baltic Sea, where the low salinity and reduced UV exposure help preserve the hull, teak decking, rig and deck equipment. Every winter she has been laid up ashore for approximately six months in a heated storage facility with the mast unstepped, while all scheduled maintenance and servicing have been carried out by professional service yards. Since arriving in Finland in 2021, she has continued to benefit from comprehensive documented maintenance and carefully selected upgrades, making her an exceptionally well-equipped and highly desirable example of the X-Yachts Xc 42. 2nd owner since new and all documentation existing.

Location:

Hanko, Finland

Measurements:

Hull length: 12,81m

Beam: 4.10m

Draught: 2.10m

Mast height: approx.21m

Displacement: 11.400kg
