

AXOPAR 37 XC 2020

This exceptionally well-equipped and meticulously maintained vessel represents a rare opportunity for those seeking luxury, performance, and reliability in one complete package.

Powered by twin Mercury 300 Verado V8 XL engines in striking white, this boat delivers outstanding performance combined with smooth, quiet operation and modern efficiency. The vessel has been carefully serviced throughout its life, with a fully documented service history and consistent professional maintenance.

Stored every winter in a heated indoor facility, the boat has been preserved in excellent condition year-round. Recent care includes hull waxing, bottom painting, and professionally cleaned covers, ensuring it is truly turnkey and ready for the season.

Measurements:

- Length: 11,60m
