Grandezza 27 OC year model 2015

Clean, lightly used and single-family owned since new. The boat has been well cared for and properly stored throughout its life. The actual usage is very low — essentially the reason for selling, as the boat deserves an owner who will use it more actively.
All standard equipment for the model is included. The hull bottom was repainted in 2025, so the boat is fully ready for the season with no upcoming maintenance needs.
The Grandezza 27 OC is known for its high-quality finish, smart layout and enjoyable handling. This unit represents exactly that: a reliable, stylish and effortless cruiser, perfect for day trips, weekend outings and relaxed coastal cruising.
Lightly used, single-owner Grandezzas in this condition is truly rare — this one stands out immediately.
