

Targa 35+ with Yacht Controller (2016)

This Targa 35+ combines legendary seaworthiness, refined craftsmanship, and modern usability. Equipped with the Yacht Controller remote control system, harbor maneuvers become exceptionally easy and precise – allowing you to operate the boat safely from wherever visibility is best.

The straight roof without a flybridge gives the boat a sleek, lower profile while enhancing practicality and protection in Nordic conditions. Spacious deck areas, premium materials, and the distinctive Targa driving experience make this a vessel designed to satisfy even the most demanding boater year after year.

Location:

Inkoo, Finland

Measurements:

Length: 11.76 m

Beam: 3.50 m

Draught: 1.10 m

Weight: approx. 7,800 kg

Fuel tank: 1,185 L

Fresh water tank: 185 L

Septic tank (holding tank): 120 L
