

TARGA 44 CFC YEAR 2010

A rare opportunity to acquire one of the finest Targa 44 CFC Flybridge yachts on the market. This 2010 model has been meticulously maintained by experienced owners and professionally serviced every year by an authorized Targa service yard. Extensive annual upgrades and preventive maintenance have kept the yacht in outstanding condition throughout her life.

Powered by twin Volvo Penta D6-370 engines with joystick controls at both the main helm and flybridge, she offers the renowned Targa performance, excellent seaworthiness and effortless handling. The yacht features an extensive specification including a diesel generator, solar panels, premium navigation package, bow and stern anchor systems, bow thruster, comprehensive heating solutions and beautifully appointed teak interior and exterior.

With accommodation for up to eight people, complete teak package, spacious flybridge and exceptionally high level of equipment, this Targa 44 is perfectly suited for both long-distance cruising and comfortable family boating.

Professionally maintained, highly specified and presented in exceptional condition, she is ready for her next owner without compromise.
