

BENETEAU GRAN TURISMO 41 – 2025

This Beneteau Gran Turismo 41 represents an excellent opportunity to acquire an almost unused 2025 boat in virtually new condition. With extremely limited use, the boat presents exceptionally well throughout and offers a compelling alternative to ordering a new boat. She is very comprehensively equipped, featuring twin Volvo Penta D6-380 diesel engines with Joystick control, bow thruster, Onan generator, Dometic air conditioning, Garmin electronics and radar, Zipwake automatic interceptors, and several premium Beneteau factory option packages.

The Gran Turismo 41 combines sporty performance and easy handling with a spacious cockpit, two comfortable cabins and a bright, contemporary interior, making her equally suitable for day boating and longer cruising.

The advertised price is VAT 0%. For a private purchase, applicable VAT will be added to the sales price.
